- Highlight: **mobile fuel station csa, overfill protection mobile fuel station, csa certification portable gasoline station**

## Product Description

### Overfill Protection Mobile Fuel Station with CSA Certification

#### Product Description:

The Mini Fuel Station is UL Listed and CSA Certified, ensuring that it meets all the necessary safety and quality standards. You can rest assured that your fueling needs are being met with the highest level of reliability and safety.

The dimensions of this mini fuel station are customized to fit your specific needs. Whether you need a small and compact fueling solution or a larger one to accommodate multiple vehicles, the Mini Fuel Station can be tailored to meet your requirements.

The Mini Fuel Station comes in a clean and sleek white color, making it a great addition to any location. Whether you need it for personal or commercial use, this mini fuel station will blend in seamlessly with its surroundings.

This mini fuel station is Model C1, which means that it is the first model in its series. It is a great entry-level option for those who are just starting out with their fueling needs. It is also a cost-effective solution for those who don't require a larger, more expensive mobile gas station.

The Mini Fuel Station is the ultimate solution for those who need quick and convenient fueling on the go. Its compact size, customized dimensions, and sleek design make it the perfect addition to any location. With its UL Listing and CSA Certification, you can trust that this mini fuel station is safe and reliable. Whether you need it for personal or commercial use, the Mini Fuel Station is the perfect solution for all your fueling needs.

#### Applications:

The Virette C1 is perfect for a variety of application occasions and scenarios. For instance, it can be used for mobile fuel station needs, providing fuel to vehicles in remote locations or construction sites. It can also be used as a backup fuel station for emergency situations. Additionally, the Virette C1 is ideal for businesses looking to expand their fuel services, as it can be easily transported and set up in a new location.

At a price range of 1000-5000USD, the Virette C1 is an affordable investment for businesses and individuals alike. With a flow rate of 40-60L per minute, it can quickly and efficiently dispense fuel. Delivery time is only 20 days, making it a quick and convenient option for those in need of a mobile fuel station.

The Virette C1 is a versatile and reliable mini fuel station that can meet a variety of needs. Its automatic nozzle, electric power source, and certifications ensure that it is both easy to operate and safe to use. With its customizable size and affordable price, the Virette C1 is a smart investment for businesses and individuals looking for a mobile fuel station solution.
