Basic Information

- Place of Origin: China
- Brand Name: Virette
- Model Number: f0

Product Specification

- Weight: 15Kgs
- Sending Unit Included: No
- Engine: Diesel Fuel Engine Parts
- Warranty: 1 Year
- Sealing Ring Included: Yes
- Duty Circle: 30 Min
- Compatibility: Universal
- Type: Electric
- Highlight: **Electric Fuel Delivery System,
Diesel Fuel Injector Pump With Strainer**

Product Description

15Kgs Electric Electric Fuel Delivery System / Diesel Fuel Injector with Strainer

Features:

Product Name: Fuel Pump

Sending Unit Included: No

Duty Circle: 30 Min

Weight: 15Kgs

Warranty: 1 Year

Sealing Ring Included: Yes

This Fuel Pump is a reliable and efficient Liquid Fuel Dispenser, perfect for use as a Fuel Dispensing Pump or Diesel Fuel Injector. With a Duty Circle of 30 Min and a weight of 15Kgs, it comes with a 1 Year Warranty and a Sealing Ring Included for added convenience.

Technical Parameters:

Inlet Type	Strainer
Sending Unit Included	No
Sealing Ring Included	Yes
Compatibility	Universal
Weight	15Kgs
Outlet	NPT2"
Float Included	Yes
Duty Circle	30 Min
Engine	Diesel Fuel Engine Parts
Type	Electric

Applications:

The Virette f0 diesel fuel pump is perfect for a variety of product application occasions and scenarios. One of the main uses of this fuel pump is as a diesel fuel injector. It is a reliable tool for those who need to inject diesel fuel into their engines, ensuring that their engines run efficiently.

Another use of the Virette f0 is as a liquid fuel dispenser. It is designed to dispense fuel smoothly and without any interruptions. This makes it an ideal choice for those who need to dispense liquid fuel on a regular basis, such as in a gas station or a construction site.

The Virette f0 is also an excellent choice for those who need to pump diesel fuel into their vehicles or machines. It is designed to handle heavy-duty tasks and can pump fuel quickly and efficiently. This makes it an ideal choice for those who need to pump fuel on a regular basis, such as in a shipping yard or a construction site.

In terms of its specifications, the Virette f0 has an inlet type of strainer, which ensures that any impurities are filtered out before the fuel is pumped. It also weighs 15kgs, which makes it highly portable and easy to transport from one location to another.

It is important to note that the Virette f0 does not come with a sending unit included. However, this does not diminish its effectiveness or reliability in any way.

In conclusion, the Virette f0 diesel fuel pump is an excellent choice for those who need a reliable and durable tool for their diesel fuel engine parts. It can be used as a diesel fuel injector, liquid fuel dispenser, and diesel fuel pump, making it a versatile and essential tool for many different product application occasions and scenarios.

Customization:

Customize your Virette f0 fuel pump with our product customization services. Our electric fuel delivery system is compatible with universal diesel fuel engine parts and has a duty circle of 30 minutes. The liquid fuel dispenser comes with an inlet strainer and has a weight of 15kgs. Our petrol pumping unit is manufactured in China with high-quality materials and meets international standards.

Packing and Shipping:

Product Packaging:

This fuel pump will be packaged securely in a sturdy cardboard box, with bubble wrap and packing peanuts to ensure that it arrives in perfect condition.

Shipping:

Our standard shipping will deliver the fuel pump within 3-5 business days. Expedited shipping options are also available for an additional fee.
